

Riverside:It's Time To Go Green!

Every week, PTO sends home several papers in your child's red Thursday folders. While this information is very important, we would like to reduce the amount of paper we use each year by e-mailing you the information instead.

Reducing the amount of paper we use benefits everyone at Riverside:

1. It's less paper for you to sort through every Thursday!
2. it's better for the environment and teaches students to respect their environment.
3. It's less work for our teachers and their parent volunteers.
4. It saves PTO money—money that Riverside needs more than ever with the recent budget cuts.

All we need from you is to register at www.riversidegoesgreen.com with an e-mail address you check on a regular basis. We'll send you our weekly reminders, newsletters, and order forms to special events, such as Halloween Bingo and the Valentine's Dance. Additional school information will also be included.

So, please help us Go Green at Riverside by registering online as soon as possible. Families that don't register will continue to receive hard copies in their Thursday folders.

IMPORTANT: Even if you registered for Go Green last year, you must sign up this year at www.riversidegoesgreen.com to continue to receive our e-mail blasts.
(All previous records are deleted each year!)

Thank you!
Riverside PTO
